**CONDITIONS OF USE**

- 1 All bookings to be paid in advance. If not paid by the due dates, bookings may be cancelled without further reference to the hirer.
- 2 Cancellations can only be refunded or credited if notified a week in advance in writing. If you wish to cancel your net, as a result of an illness or injury, we will require a doctors certification before we can offer a refund or credit.
- 3 Bookings are accepted on the understanding that MCC reserves the right to cancel nets at short notice when circumstances dictate and when the Academy has not taken sufficient number of bookings.
- 4 All claims for refunds and credits must be made in writing within 6 months of the booking in question, after which period regrettably your claim will be invalid.
- 5 Indoor sports footwear, preferably white, to be worn in the nets. Footwear with heavily ridged, studded or spiked soles is NOT permitted on the playing surface.
- 6 Conventional white cricket clothing to be worn. Visitors are reminded that track suits and shorts may NOT be worn in the nets.
- 7 Players are expected to provide their own cricket equipment, including cricket balls.
- 8 Maximum of SIX players in a net at any one time. This condition is essential for the safety of all net users and non-adherence will result in termination of the booking for persistent offenders.
- 9 USE OF HELMETS - MCC will adhere strictly to the following directive issued by the ECB:  
*'A young player (up to the age of 18) should not be allowed to bat or to stand up to the stumps when keeping wicket without a helmet (with a faceguard) against a hard ball.'*
- 10 Coaching is undertaken on the acceptance that whilst every effort is made to provide the coach requested, this may not always be possible due to unavailability or work schedule.
- 11 Nets booked for children under the age of 14 (without the services of a coach) must at all times be supervised by an adult.
- 12 Attendance at the Academy does not entitle admission to any other part of Lord's Cricket Ground.
- 13 It is imperative that cricket equipment should not be left in the nets nor should batsmen pad up in the nets.
- 14 Visitors are asked to not practice outside the nets.
- 15 MOBILE PHONES: Should be kept switched off around the netting area.
- 16 SMOKING will not be permitted in any part of the Academy.
- 17 We regret that we cannot be responsible for lost or stolen property, neither can we be held responsible for any injury incurred, so please be careful at all times.
- 18 Please do not bring CHEWING GUM to the Academy.
- 19 Failure to comply with any of these conditions may result in cancellation of bookings.

**Net Session on DVD**

- 1 The video duration can typically range between 50 and 60 minutes for an hour's session as there can be a time overlap from the previous session during busy times.
- 2 Clients are advised to check the quality of the video and advise the coach / administrator on the positioning of the camera before the start of the net. No refunds or credits can be provided once the session has been recorded.
- 3 DVD's provided are compatible with most recent DVD players and computers. They may not work with some older hardware.

**Hawkeye & Batting Analysis Sessions**

- 1 The total session time is a combination of time in the net and time spend analyzing the session – an hour long session is typically split as 40mins in the net and 20mins in the Analysis Suite.
- 2 The maximum no. of deliveries that can be captured in a hour long session varies depending on the number of people, type of bowling and several other factors.
- 3 For the purpose of Analysis, players are required to bowl 6 deliveries in a row. As the net environment is a lot more restricted than a cricket ground not all deliveries may be tracked and the bowlers may be asked to bowl additional deliveries.
- 4 The bowler names have to be notified in writing before the session starts as they have to be fed into the analysis software.
- 5 At the end of the session, players will be able to view their analysis in the Performance Analysis Suite. The statistical data will then be burned onto a disc and posted out to an agreed address if the optional stats DVD option is requested.
- 6 The video files on the stats DVD will be Apple Quicktime Format (MOV) and the image files will be JPEG format. The DVD is a data DVD and can be viewed only on a computer and not on a stand-alone DVD player.
